PROFESSIONAL SUMMARY

Embedded links: [portfolio](#), [reel](#), [Linktree](#), and [project titles](#)

I am a filmmaker and VFX artist drawn to science-fiction, action cinema, and productions that combine practical effects with visual effects. I grew up loving Jackie Chan films and later became fascinated by the world-building of films like Blade Runner and Alita: Battle Angel. That mix shaped how I approach filmmaking: build as much as possible in camera, then use VFX to extend the story, scale, and emotion. I bring camera experience, production coordination, VFX supervision, and team management together so a project can move from set to post with a clear creative direction.

TECHNICAL SKILLS

- Cinema camera operation
- Handheld and multicam coverage
- Shot composition

- Narrative and documentary lighting
- On-set VFX problem solving
- Producer-level coordination

SOFTWARE - Houdini | Autodesk Maya | Blender | Nuke | 3D Substance Painter | Adobe After Effects | Adobe Photoshop | Adobe Illustrator

HARDWARE - Alexa Mini camera | RED Raptors | RED Komodos | Blackmagic Pocket 6K | Sony A7 IV | HMI Lights (Joker) | Nanlite lights | Zoom Recorder Kit

PROGRAMMING - Python | HTML

SELECTED PROJECTS

ChefATL, Emmy Award-Winning Docuseries | Season 1 Episodes 6, 7 & 9 | Camera B Operator

2024-2026

Captured interviews and B-roll for an Emmy-winning docuseries using ARRI Alexa Mini and long-lens observational coverage.

Resurgence | Producer / VFX Supervisor

2025-2026

Produced and supervised VFX/post for a sci-fi MMA short centered on underground fight sequences and power-driven visual moments.

Gatorade Become Greatness | Director / Project Manager

2024-2025

Directed a high-energy VFX commercial in an LED volume, shaping performance, camera movement, lighting, and project coordination.

Bird Murmuration | Houdini Particle + Water Simulation

2024-2025

Simulated flocking behavior and water effects in Houdini, adding technical FX range to production-driven work.

Erica's Erotica | Camera Operator

2025-2026

Operated ARRI Alexa Mini with Cooke lenses for handheld capstone coverage, balancing movement, framing, and scene continuity.

Fly on the Wall | Camera Operator

2024-2025

Operated in a seven-camera reality production setup, capturing unscripted action on Blackmagic Pocket cameras.

The Curse | Director

2023-2024

Directed a horror short with a moonlit lighting approach and multicamera coverage to build a tense, atmospheric visual style.

LED Volume | Director

2023-2024

Shot a miniature set with forced perspective, refining camera alignment, lighting, and scale matching for a convincing final image.

Warped Road | 3D Modeler

2023-2024

Modeled a twisting road environment in Maya, using deformation and camera animation to create surreal perspective.

RoboButler | Director / 3D Modeler / Compositor / Animator

2022-2023

Modeled, animated, and composited a 3D robot into live-action footage using Blender.

WORK EXPERIENCE

2023-2026

SCADBound Leader / Orientation Assistant

Supported orientation programming through team-building, community events, poster/design support, and camera coverage for student-facing media.

2024-2026

SCADfit Student Lead / Front Desk Assistant

Created poster and social media support, captured photo/video content for fitness center promotions, and helped coordinate front-desk operations.

2024-2026

Intramurals & Recreation Assistant

Supported social media content ideas, brainstormed ways to improve reach, helped with camera coverage, refereeing, and event setup for student recreation.

EDUCATION

BFA, Visual Effects (STEM) | Savannah College of Art and Design, USA | 2022-2026

High School, Science | Carmel Senior Secondary School, India | 2019-2021
