PROFESSIONAL SUMMARY

Embedded links: portfolio, reel, Linktree, and project titles

I am a VFX artist and filmmaker driven by science-fiction, action cinema, and the blend of practical effects with digital visual effects. Growing up on Jackie Chan films and later falling in love with world-building in films like Blade Runner and Alita: Battle Angel shaped the kind of work I want to make: physical, cinematic, and alive. My goal is to help bring practical effects back into modern filmmaking with a thoughtful layer of VFX that expands what the camera captures. Leading a team of 10 VFX artists on Resurgence felt like a dream coming true and pushed me to grow as a supervisor, collaborator, and shot-focused artist.

TECHNICAL SKILLS

- Houdini particle simulation
- Water and cloth simulation
- Nuke compositing

- On-set VFX supervision
- Lighting for VFX plates
- Live-action/CG integration

SOFTWARE - Houdini | Autodesk Maya | Blender | Nuke | 3D Substance Painter | Adobe After Effects | Adobe Photoshop | Adobe Illustrator

HARDWARE - Alexa Mini camera | RED Raptors | RED Komodos | Blackmagic Pocket 6K | Sony A7 IV | HMI Lights (Joker) | Nanlite lights | Zoom Recorder Kit

PROGRAMMING - Python | HTML

SELECTED PROJECTS

Resurgence | VFX Supervisor / Producer

2025-2026

Supervised visual effects and post-production for a sci-fi MMA short involving power-based effects and fight-sequence storytelling.

Gatorade Become Greatness | Director / Project Manager

2024-2025

Directed a VFX-forward commercial in an LED volume, coordinating lighting, camera movement, performance, and post needs.

Awakening | Houdini Particles / Nuke Compositing

2024-2025

Designed and simulated particle effects for a senior capstone and composited final elements in Nuke.

RoboButler | 3D Modeler / Compositor / Animator

2022-2023

Modeled and animated a 3D robot in Blender, then composited it into live-action footage.

Bird Murmuration | Houdini Particle + Water Simulation

2024-2025

Built complex flocking behavior and integrated water effects in Houdini, focusing on natural motion dynamics and believable scale.

A Dreamer's Journey | 3D Modeler / Texture Artist / Lighter

2025-2026

Modeled, textured, and lit a detailed room environment in Maya to visualize the dual life of an aspiring boxer.

Underworld | Maya Volumetric Fog

2023-2024

Created volumetric fog for a stylized Atlanta city model, tuning lighting and FX timing to support mood and story.

LED Volume | Director

2023-2024

Matched miniature scale, forced perspective, camera alignment, and lighting for an LED-volume production test.

ChefATL, Emmy Award-Winning Docuseries | Season 1 Episodes 6, 7 & 9 | Camera B Operator

2024-2026

Captured interviews and B-roll for an Emmy-winning docuseries, building practical camera and plate acquisition experience.

Erica's Erotica | Camera Operator

2025-2026

Operated ARRI Alexa Mini with Cooke lenses for handheld capstone coverage, strengthening production-side VFX awareness.

WORK EXPERIENCE

2023-2026

SCADBound Leader / Orientation Assistant

Supported orientation programming through team-building, community events, poster/design support, and camera coverage for student-facing media.

2024-2026

SCADfit Student Lead / Front Desk Assistant

Created poster and social media support, captured photo/video content for fitness center promotions, and helped coordinate front-desk operations.

2024-2026

Intramurals & Recreation Assistant

Supported social media content ideas, brainstormed ways to improve reach, helped with camera coverage, refereeing, and event setup for student recreation.

EDUCATION

BFA, Visual Effects (STEM) | Savannah College of Art and Design, USA | 2022-2026

High School, Science | Carmel Senior Secondary School, India | 2019-2021
