PROFESSIONAL SUMMARY

Embedded links: portfolio, reel, Linktree, and project titles

I do not believe I am naturally talented or gifted, but I do believe that if I keep trying, learning, and finding new ways to solve a problem, I will eventually crack it. That is how I approach life. As I have grown older, I have realized that life is not about asking why something is happening to me; it is about understanding what I can learn from it and how I can grow from it. That is why I connect so deeply with filmmaking and VFX. I want to create. I want to show people what is possible and remind them that the mind is the only real limit. Through film I can create worlds, emotions, and ideas that inspire people, and VFX allows me to bring the impossible to life. I create because that is what I know how to do. I create because that is who I am.

TECHNICAL SKILLS

- Cinema camera operation - Handheld and multicam coverage - Shot composition	- Narrative and documentary lighting - On-set VFX problem solving - Producer-level coordination
SOFTWARE	Houdini Autodesk Maya Blender Nuke 3D Substance Painter Adobe After Effects Adobe Photoshop Adobe Illustrator
HARDWARE	Alexa Mini camera RED Raptors RED Komodos Blackmagic Pocket 6K Sony A7 IV HMI Lights (Joker) Nanlite lights Zoom Recorder Kit
PROGRAMMING	Python HTML

WORK EXPERIENCE

ChefATL, Emmy Award-Winning Docuseries | Season 1 Episodes 6, 7 & 9 / Camera B Operator

2024-2026

- Started as 1st AC for C camera and moved into the Camera B Operator role, operating an ARRI Alexa Mini with an Optimo Ultra 24-290mm setup weighing roughly 40-50 pounds.
- Shot three episodes using Micro Force zoom control while operating, capturing interviews, B-roll, studio days, field days, and reshoots around Ponce City Market in Atlanta.
- Worked with Chapman dolly and extender setups during studio and field coverage, maintaining documentary framing, long-lens stability, and responsive unscripted camera movement.

Resurgence | Producer / VFX Supervisor

2025-2026

- Developed the original concept across pre-production, production, and post, helping shape a 10-13 minute sci-fi action story with roughly 80 VFX shots.
- Gathered the artist and crew team, pitched the project across VFX, sound, and film departments, and supported camera tests for tracking markers, lens grids, and post workflow.
- Balanced producer responsibilities with VFX supervision, including actor scans, shot-day troubleshooting, plate organization, colorist handoff, and final shot delivery.

Gatorade Become Greatness | Director / Project Manager

2024-2025

- Directed a 30-second conceptual FIFA x Gatorade commercial in an LED volume, shaping performance, camera movement, lighting, and project coordination.
- Led pre-production decisions around green screen versus LED volume, then coordinated crew, Unreal environment tests, camera movement, and post handoff.
- Worked through multiple cuts, sound design, stadium atmosphere, music, and foley while managing remote and in-person VFX collaboration.

Erica's Erotica | Camera Operator

2025-2026

- Operated ARRI Alexa Mini with Cooke lenses on a handheld shoulder rig for six shoot days across school, commercial, and residential locations.
- Carried a roughly 20-30 pound handheld setup through emotionally driven coverage, including a one-minute oner following an actor while running.
- Shot compact car interiors from the back seat with the camera on my shoulder, balancing physical movement, actor blocking, framing, eyelines, and continuity.

Fly on the Wall | Camera Operator

2024-2025

- Operated handheld for a seven-day multicam reality series setup with 7-8 camera operators, often with more than half the cameras rolling at once.
- Captured unscripted action on Blackmagic cameras with a 6mm lens, staying responsive to movement, overlapping action, coverage gaps, and reality-style story beats.
- Maintained awareness of other operators and story coverage so handheld camera movement supported the larger multicam edit.

SCADBound | Leader / Orientation Assistant

2023-2026

- Supported orientation programming through team-building, community events, poster/design support, and camera coverage for student-facing media.
- Helped create a welcoming student experience while strengthening communication, event logistics, and small-team coordination skills.

SCADfit | Student Lead / Front Desk Assistant

2024-2026

- Oversaw student staff as a Student Lead, assigning tasks, supporting front-desk operations, and helping keep the facility maintained and ready for use.
- Earned CPR certification for emergency readiness and created promotional social media content and challenges highlighting staff and fitness center activity.

Intramurals & Recreation | Assistant

2024-2026

- Supported social media content ideas, brainstormed ways to improve reach, and helped with camera coverage for student recreation.
- Assisted with refereeing and event setup, adding practical experience in live-event coordination and team communication.

EDUCATION

BFA, Visual Effects (STEM) | Savannah College of Art and Design, USA | 2022-2026
 High School, Science | Carmel Senior Secondary School, India | 2019-2021
